IINA BA' HÖZHÖ COMMUNITY PROJECT

Purpose & Goals

With a focus on establishing opportunities for sustainable growth where learning can take place at all Newcomb and surrounding schools, the Iina Baa Hozho Project will offer participants opportunities to develop skills, awareness, and abilities necessary for the strengthening of identity and culture already inherent in our children through their families. The guiding principles underpinning the project will address the need for a long-term vision that will promote strengthening our community through communication, collaboration and learning. The Project will allow us to grow collectively, which will hopefully connect community and school leadership; as well as, provide families opportunities to develop a "Wellness Toolkit" through on-going classes, trainings, and conferences in partnership with Restoring and Celebrating Family Wellness program, Gathering of Native Americans Along the Chuska Mountains, and our local chapters.

August 1st ~ 3rd, 2017

Daily
8:00 ~ 5:00 PM

Food will be served to registered participants

This is a free event & vendors are welcome (please call for more information)

Come and join us, for 3 days of information that will strengthen you, your family, and your community.
