Student Achievement Goals			
Grade/Subject Area	2017 PARCC Results	2018 PARCC Goals	Benchmarks: How will you know you are on track to meet your student achievement goals?
ELA	3 rd Grade ELA: 27.5% Proficient	During SY 2017-18, I-Station Reading 2nd grade students achieved a proficiency of 31.5% (16 students). For SY 2018-19, the PARCC ELA goal for these same students as current 3rd graders is 45% (23 students), an increase of 13.5% (7 students) as measured on the PARCC ELA assessment.	Identified Interim Assessment for ELA: All 3rd Grade Students must show 36% proficient by the end of Quarter 1, 40.5% by the end of Quarter 2, and 45% by the end of Quarter 3 as measured by District Interim ELA assessments.
ELA	4 th Grade ELA: 22.8% Proficient	During SY 2017-18, PARCC ELA 3rd grade students achieved a proficiency of 27.5% (16 students). For SY 2018-19, the PARCC ELA goal for these same students as current 4th graders is 37.9% (22 students), an increase of 10.4% (6 students) as measured on the PARCC ELA assessment	All 4th Grade Students must show 30.96% proficient by the end of Quarter 1, 34.42% by the end of Quarter 2, and 37.88% by the end of Quarter 3 as measured by District Interim ELA assessments.
ELA	5 th Grade ELA: 33.3% Proficient	During SY 2017-18, PARCC ELA 4th grade students achieved a proficiency of 22.8% (13 students). For SY 2018-19, the PARCC ELA goal for these same students as current 5th graders is 38.5% (22 students), an increase of 15.7% (9 students) as measured on the PARCC ELA assessment.	All 5th Grade Students must show 28% proficient by the end of Quarter 1, 31% by the end of Quarter 2, and 34% by the end of Quarter 3 as measured by District Interim ELA assessments.
ELA	6 th Grade ELA: 16.7% Proficient	During SY 2017-18, PARCC ELA 5th grade students achieved a proficiency of 33.3% (15 students). For SY 2018-19, the PARCC ELA goal for these same students as current 6th graders is 48.9% (22 students), an increase of 15.6% (7 students) as measured on the PARCC ELA assessment.	All 6th Grade Students must show 38.5% proficient by the end of Quarter 1, 41.7% by the end of Quarter 2, and 44.9% by the end of Quarter 3 as measured by District Interim ELA assessments.

Grade K-2 Student Achievement Goals

Grade/Subject Area	Grade	2018 PARCC Goals	<u>Benchmarks:</u> How will you know you are on track to meet your student achievement goals?
ELA	Kindergarten	All Kindergarten Students must show 25% by the end of Quarter 1, 50% by the end of Quarter 2, and 75% by the end of Quarter 3 as measured by the I-Station Reading assessment.	All Kindergarten Students must show 25% by the end of Quarter 1, 50% by the end of Quarter 2, and 75% by the end of Quarter 3 as measured by the I-Station Reading assessment.
ELA	1st	During SY 2017-18, I-Station Reading Kindergarten grade students achieved a proficiency of 4.6% (2 students). For SY 2018-19, the I-Station Reading goal for these same students as current 1st graders is 23.3% (10 students), an increase of 18.6% (8 students) as measured on the I-Station assessment.	All 1st Grade I-Station Reading Students must show 10.8% proficient by the end of Quarter 1, 17% by the end of Quarter 2, and 23.2% by the end of Quarter 3 as measured by I-Station Reading assessments.
ELA	2nd	During SY 2017-18, I-Station Reading 1st grade students achieved a proficiency of 24% (12 students). For SY 2018-19, the I-Station Reading goal for these same students as current 2nd graders is 42% (9 students), an increase of 18% (9 students) as measured on the I-Station assessment.	All 2nd Grade I-Station Reading Students must show 30% proficient by the end of Quarter 1, 36% by the end of Quarter 2, and 42% by the end of Quarter 3 as measured by I-Station Reading assessments

Student Achievement Goals			
Grade/Subject Area	2017 PARCC Results	2018-19 PARCC Goals	<u>Benchmarks</u> : How will you know you are on track to meet your student achievement goals?
Math	3 rd Grade Math: 21% Proficient	During SY 2018-19 BOY Math I-Station, 3rd grade students achieved a proficiency of 66% (35 students). For SY 2018-19, the PARCC Math goal for these same students as current 3rd graders is 34% (29 students), an increase of 13% (7 students) as measured on the PARCC assessment.	All 3rd Grade Students must show 13% proficient by the end of Quarter 1, 26% by the end of Quarter 2, and 39% by the end of Quarter 3 as measured by District Interim Math assessments.
Math	4 th Grade Math: 12.3% Proficient	During SY 2017-18, PARCC Math 3rd grade students achieved a proficiency of 21% (12 students). For SY 2018-19, the PARCC Math goal for these same students as current 4th graders is 36% (21 students), an increase of 15% (9 students) as measured on the PARCC assessment.	All 4th Grade Students must show 26% proficient by the end of Quarter 1, 29% by the end of Quarter 2, and 32% by the end of Quarter 3 as measured by District Interim Math assessments.
Math	5 th Grade Math: 4% Proficient	During SY 2017-18, PARCC Math 4th grade students achieved a proficiency of 12.3% (7 students). For SY 2018-19, the PARCC Math goal for these same students as current 5th graders is 29.8% (17 students), an increase of 17.5% (10 students) as measured on the PARCC Math assessment. PARCC Student Results must show 40% overall growth from 4.5% to 44.5% by May 2019.	All 5th Grade Students must show 18.1% proficient by the end of Quarter 1, 23.9% by the end of Quarter 2, and 29.7% by the end of Quarter 3 as measured by District Interim Math assessments.
Math	6 th Grade Math: 6.3% Proficient	During SY 2017-18, PARCC Math 5th grade students achieved a proficiency of 4% (2 students). For SY 2018-19, the PARCC Math goal for these same students as current 6th graders is 24.4% (11 students), an increase of 20.4% (9 students) as measured on the PARCC Math assessment.	All 6th Grade Students must show 10.8% proficient by the end of Quarter 1, 17.6% by the end of Quarter 2, and 24.4% by the end of Quarter 3 as measured by District Interim Math assessments.
